

Data Privacy Policy

Effective Date: 1 April 2026 | Version 2.3 | Owner: Data Protection Officer

1. Purpose

NovaTech Enterprises Pvt Ltd is committed to protecting the personal data of its employees, clients, and business partners in compliance with the Digital Personal Data Protection Act, 2023, and other applicable data protection regulations. This Data Privacy Policy describes how the Company collects, processes, stores, and protects personal data.

2. Scope and Definitions

This policy applies to all personal data processed by NovaTech Enterprises in the course of its business operations, including employee records, client data processed on behalf of customers, and data collected through Company websites and applications. 'Personal Data' means any information relating to an identified or identifiable natural person.

3. Principles of Data Processing

- Lawfulness and Fairness:** Personal data is collected and processed only for clearly defined, legitimate business purposes.
- Purpose Limitation:** Data is not used for purposes incompatible with those originally communicated to the data subject.
- Data Minimization:** Only data that is necessary for the stated purpose is collected and retained.
- Accuracy:** Reasonable steps are taken to ensure personal data is accurate and kept up to date.
- Storage Limitation:** Personal data is retained only as long as necessary and in accordance with the Company's Data Retention Schedule.
- Security:** Appropriate technical and organizational measures are implemented to protect personal data against unauthorized access, loss, or misuse.

4. Categories of Data Collected

The Company processes several categories of personal data depending on the relationship with the data subject. Employee data includes contact details, government identification, banking information, and performance records. Client data processed under service agreements may include end-user contact information, transaction data, and, in some engagements, sensitive categories such as financial or health-related information, always subject to the terms of the relevant Data Processing Agreement (DPA).

5. Data Subject Rights

Individuals whose personal data is processed by NovaTech Enterprises have the right to access their data, request correction of inaccuracies, request erasure where legally permissible, and withdraw consent where processing is based on consent. Requests can be submitted to privacy@novatechenterprises.com and will be responded to within 30 days, in accordance with

applicable law.

6. Data Sharing and Third Parties

Personal data may be shared with third-party vendors (such as payroll processors, cloud hosting providers, or background-verification agencies) strictly for legitimate business purposes and only under a signed Data Processing Agreement requiring the third party to maintain equivalent data protection standards. Personal data is not sold to third parties under any circumstances.

7. Cross-Border Data Transfers

Where personal data is transferred outside India to support global client engagements or cloud infrastructure hosted internationally, the Company ensures appropriate safeguards are in place, including standard contractual clauses and vendor due diligence, in compliance with applicable cross-border transfer regulations.

8. Data Breach Response

In the event of a suspected personal data breach, the IT Security and Legal teams will jointly investigate the incident, assess the scope of impact, and notify affected data subjects and relevant regulatory authorities within the timelines mandated by applicable law. All employees must report suspected data breaches immediately per the Incident Reporting process defined in the IT Security Policy.

9. Employee Responsibilities

All employees handling personal data as part of their role are required to complete annual Data Privacy training and to process personal data strictly in accordance with this policy and any project-specific data handling instructions. Unauthorized access to, or disclosure of, personal data outside the scope of one's job responsibilities is a serious violation of Company policy.

10. Policy Review

This Data Privacy Policy is reviewed at least annually by the Data Protection Officer and Legal team to ensure continued compliance with evolving data protection laws and is subject to revision as necessary.
